STREET IS COMING

PRESIDENT OF CITY WATER CO., TO BE HERE SATURDAY.

TO CONFER WITH BOARD

Wells Being Dug Look Encouraging Says Board of Public Works Members.

C. F. Street of New York City, president of the City Water company, will arrive in Maryville Saturday noon according to word received by G. B. Roseberry, manager of the water company. Mr. Street's coming here at this time is for the purpose of holding a conference with the Board of Public Works relative to getting together on a compromise price for the local water plant.

The city will give $39,000 for the plant, while the company contends that the plant is worth $54,000.

Mr. Street will go over his figures with the Board of Public Works. The water company, it is said, is anxious to sell their plant here, but the board will not pay more than it is worth.

Two wells have been dug on the Beal land which the city has an option on. They went down to a depth of 54 feet and water was struck within a few feet of the bottom. The third well was started Thursday afternoon and it looks encouraging. Many more wells will be dug as the board of public works intends to see if it is possible to furnish the city with well water. So far as the wells have been dug, the board says that it is encouraging.

Dr. J. W. Hudson of the department of Philosophy of the State University at Columbia, is in the city and will deliver the class address. His subject will be "American Ideals." Dr. Hudson visited the State Normal and also the experiment farm Friday forenoon. He comes highly recommended as a speaker and his address is looked forward to with interest by all who know of him.

The Democrat-Forum is pleased to present a picture of the senior class of 1912, the first class to appear in caps and gowns according to a recent order made by the board of education. It is gratifying to see that the sweet girl graduates are none the less charming in their sober uniforms, and the boys really appear scholarly. The names of the members of the class are given below:

Ralph Farmer who is the eldest son of Mr. and Mrs. S. E. Farmer of this city, carried off the class honors, and won the Missouri State University scholarship. His average grade was 95 and 9-32nds. He will attend the University at Oberlin, Ohio, and prepare himself for the Presbyterian church ministry. He won the Washington trophy cup for the high school in February in the Lincoln-Washington debate between the State Normal and high school.

Miss Eleanor Smith, the youngest daughter of Mr. and Mrs. C. Q. Smith, stood second in the class, with an average grade of 94 14-32nds. Miss Smith has not yet decided what school she will attend the coming year.

Miss Mary Halasay, eldest daughter of Mr. and Mrs. John Halasay, living northwest of Maryville, stood third in her class with an average grade of 93 and 22-32nds. She represented the high school in the Washington-Lincoln oratorical contest in February. She will attend the State Normal.

Miss Grace DeMotte, a daughter of Mr. and Mrs. N. S. DeMotte, received honorable mention for her standing, all she could receive, even though her average grade was high, owing to two years' of high school work in Kansas City and Bethany before residing in Maryville. She will attend the State Normal the coming year.

Horace Gibson is the class orator. His address is credited with having won the debate between the Maryville and Savanah high schools last month, on the question: "Resolved, That the initiative and referendum is promotive of sound legislation." He will enter some higher school in September, but has not decided where he will go.

Orlo Quinn broke the record in the broad jump class in the inter-high school track meet at the State Normal the last of April and has scored high in the previous events of that class. He is a member of the famous Northwest Normal Quartette, that lately closed a concert tour in Iowa, Missouri and Illinois. He will attend the Northwest Normal the coming year.

OVa Goff, a son of Mr. and Mrs.E. H. Goff, living west of Barnard, was one of the debaters in the Maryville-Savanah high school oratorical contest last month. He expects to attend the Missouri State University the coming year.

Goodson Lytle, son of Mr. and Mrs. Charles Lytle, is a good all-round hard working student. He expects to go to the Missouri State University in September and work his way through. All who know him say he will do it, too.

Miss Dale Hoffman, daughter of Mrs. Leslie Dean, is the youngest member of the class, being only a little past sixteen. Last year she represented the high school in the annual Washington-Lincoln oratorical contest. She will attend the State Normal the coming year.

Miss Hildred Hanna, the daughter of Mr. O. C. Hanna, will take special work at the State Normal the coming year, and later enter a higher school.

Miss Elizabeth Cook, daughter of Mr. and Mrs. Paul Cook, will attend the State Normal the coming year.

Miss Hilda Lahr, daughter of Mr. and Mrs. M. J. Lahr, graduated from the Maryville Conservatory of Music two years ago, four months before her fifteenth birthday anniversary, and is the youngest student graduated by that school. She has been organist for St. Mary's Catholic church since her graduation. She will now take up the study of art and later continue her studies in music.

DE LAVAL CREAM SEPARATOR

A Money Maker and Saver

Soon Pays for Itself

Occasionally the intending buyer of a cream separator who has but a small amount of ready cash to invest is tempted to put his money into one of the so-called "cheap" machines.

Why pay your hard-earned money for a "cheap," trashy machine, which is always most expensive in the end, when you can buy a reliable De Laval upon such liberal terms that

It will more than earn its cost while you are paying for it.

When you buy a De Laval you have positive assurance that your machine will be good for at least twenty years of service, during which time it will save every possible dollar for you, and earn its original cost over and over again.

If it is not convenient for you to make full payment at time of purchase, we can arrange for you to make a partial payment, and pay the balance on such liberal terms that your machine will more than save its cost while you are paying for it.

Easiest to turn, easiest to wash, skims the cleanest, lasts the longest.

SOONER OR LATER YOU WILL BUY A DE LAVAL

The only way to appreciate the difference between a three speed car and a two speed car is to test them in sand, or mud. It is like one man said: "I drove a two speed car ten miles in sand and the next day my leg was so sore I had to walk on crutches. No push ahead speeds for me." C. F. Street of New York City, president of the City Water company, will arrive in Maryville Saturday noon according to word received by G. B. Roseberry, manager of the water company. Mr. Street's coming here at this time is for the purpose of holding a conference with the Board of Public Works relative to getting together on a compromise price for the local water plant.

The city will give $39,000 for the plant, while the company contends that the plant is worth $54,000.

Mr. Street will go over his figures with the Board of Public Works. The water company, it is said, is anxious to sell their plant here, but the board will not pay more than it is worth.

Two wells have been dug on the Beal land which the city has an option on. They went down to a depth of 54 feet and water was struck within a few feet of the bottom. The third well was started Thursday afternoon and it looks encouraging. Many more wells will be dug as the board of public works intends to see if it is possible to furnish the city with well water. So far as the wells have been dug, the board says that it is encouraging.

The high school commencement exercises will be given this, Friday evening, at the First M. E. church at 8 o'clock.

Dr. J. W. Hudson of the department of Philosophy of the State University at Columbia, is in the city and will deliver the class address. His subject will be "American Ideals." Dr. Hudson visited the State Normal and also the experiment farm Friday forenoon. He comes highly recommended as a speaker and his address is looked forward to with interest by all who know of him.

The Democrat-Forum is pleased to present a picture of the senior class of 1912, the first class to appear in caps and gowns according to a recent order made by the board of education. It is gratifying to see that the sweet girl graduates are none the less charming in their sober uniforms, and the boys really appear scholarly. The names of the members of the class are given below:

Ralph Farmer who is the eldest son of Mr. and Mrs. S. E. Farmer of this city, carried off the class honors, and won the Missouri State University scholarship. His average grade was 95 and 9-32nds. He will attend the University at Oberlin, Ohio, and prepare himself for the Presbyterian church ministry. He won the Washington trophy cup for the high school in February in the Lincoln-Washington debate between the State Normal and high school.

Miss Eleanor Smith, the youngest daughter of Mr. and Mrs. C. Q. Smith, stood second in the class, with an average grade of 94 14-32nds. Miss Smith has not yet decided what school she will attend the coming year.

Miss Mary Halasay, eldest daughter of Mr. and Mrs. John Halasay, living northwest of Maryville, stood third in her class with an average grade of 93 and 22-32nds. She represented the high school in the Washington-Lincoln oratorical contest in February. She will attend the State Normal.

Miss Grace DeMotte, a daughter of Mr. and Mrs. N. S. DeMotte, received honorable mention for her standing, all she could receive, even though her average grade was high, owing to two years' of high school work in Kansas City and Bethany before residing in Maryville. She will attend the State Normal the coming year.

Horace Gibson is the class orator. His address is credited with having won the debate between the Maryville and Savanah high schools last month, on the question: "Resolved, That the initiative and referendum is promotive of sound legislation." He will enter some higher school in September, but has not decided where he will go.

Orlo Quinn broke the record in the broad jump class in the inter-high school track meet at the State Normal the last of April and has scored high in the previous events of that class. He is a member of the famous Northwest Normal Quartette, that lately closed a concert tour in Iowa, Missouri and Illinois. He will attend the Northwest Normal the coming year.

OVa Goff, a son of Mr. and Mrs.E. H. Goff, living west of Barnard, was one of the debaters in the Maryville-Savanah high school oratorical contest last month. He expects to attend the Missouri State University the coming year.

Goodson Lytle, son of Mr. and Mrs. Charles Lytle, is a good all-round hard working student. He expects to go to the Missouri State University in September and work his way through. All who know him say he will do it, too.

Miss Dale Hoffman, daughter of Mrs. Leslie Dean, is the youngest member of the class, being only a little past sixteen. Last year she represented the high school in the annual Washington-Lincoln oratorical contest. She will attend the State Normal the coming year.

Miss Hildred Hanna, the daughter of Mr. O. C. Hanna, will take special work at the State Normal the coming year, and later enter a higher school.

Miss Gladys Warren, a daughter of Mrs. Nettie Warren, will attend the State Normal the coming year.

Miss Viva Cloud, daughter of Mrs. Emma Cloud, will finish the course she has commenced at the Maryville Business College.

Miss Elizabeth Cook, daughter of Mr. and Mrs. Paul Cook, will attend the State Normal the coming year.

Miss Hilda Lahr, daughter of Mr. and Mrs. M. J. Lahr, graduated from the Maryville Conservatory of Music two years ago, four months before her fifteenth birthday anniversary, and is the youngest student graduated by that school. She has been organist for St. Mary's Catholic church since her graduation. She will now take up the study of art and later continue her studies in music.

DE LAVAL CREAM SEPARATOR

A Money Maker and Saver

Soon Pays for Itself

Occasionally the intending buyer of a cream separator who has but a small amount of ready cash to invest is tempted to put his money into one of the so-called "cheap" machines.

Why pay your hard-earned money for a "cheap," trashy machine, which is always most expensive in the end, when you can buy a reliable De Laval upon such liberal terms that

It will more than earn its cost while you are paying for it.

When you buy a De Laval you have positive assurance that your machine will be good for at least twenty years of service, during which time it will save every possible dollar for you, and earn its original cost over and over again.

If it is not convenient for you to make full payment at time of purchase, we can arrange for you to make a partial payment, and pay the balance on such liberal terms that your machine will more than save its cost while you are paying for it.

Easiest to turn, easiest to wash, skims the cleanest lasts the longest

THREE SPEED TRANSMISSION

The only way to appreciate the difference between a three speed car and a two speed car is to test them in sand, or mud. It is like one man said: "I drove a two speed car ten miles in sand and the next day my leg was so sore I had to walk on crutches. No push ahead speeds for me." If you want a real automobile get a three speed transmission.
